Los Altos School District

**Public Input on Proposed Agreement
with Bullis Charter School
April 25, 2019**

Background

- Prop. 39: California State Law requires districts to provide “reasonably equivalent” space for charter schools
 - No restriction on charter student enrollment
 - Space calculated on a “per student” basis
- Bullis chartered by the Santa Clara County Board of Education after LASD rejected charter, no unmet need
- Historically, BCS has turned to litigation when there is disagreement about “reasonably equivalent”

- Prior to 2014, Annual Prop. 39 Process
 - Spent millions on BCS's annual lawsuits, divisive
- 2014-2019: 5-year agreement
 - BCS enrollment cap with agreement to measured growth of up to 900 in-district students by final year
- 2014: Measure N: 10 schools, 10 sites; funds for long term solution to resolve school overcrowding/site sharing

- 2018: 10th Site collaboration with City of Mountain View
- 2018: Per 5-year agreement, mediation begins to discuss new long term agreement
- November 1, 2018: BCS Initiates Prop. 39
 - Unilateral, abrupt enrollment increase to 1,058 in-district students
 - Requests exclusive use of Egan for 2019-20 school year

Proposed Agreement Summary

- 10+ year agreement with BCS cap at 1,111 students (2019-20 projected enrollment)
- No earlier than 2023, BCS receives exclusive use of 16 of 18.83 acre Egan Junior High site
 - LASD keeps 2.83 acres for affordable teacher housing
- LASD constructs new Egan Campus at 10th site, open 2023 at the earliest
- Prior to Egan Junior High completion, BCS stays at Egan/ Blach; without expansion to other campuses

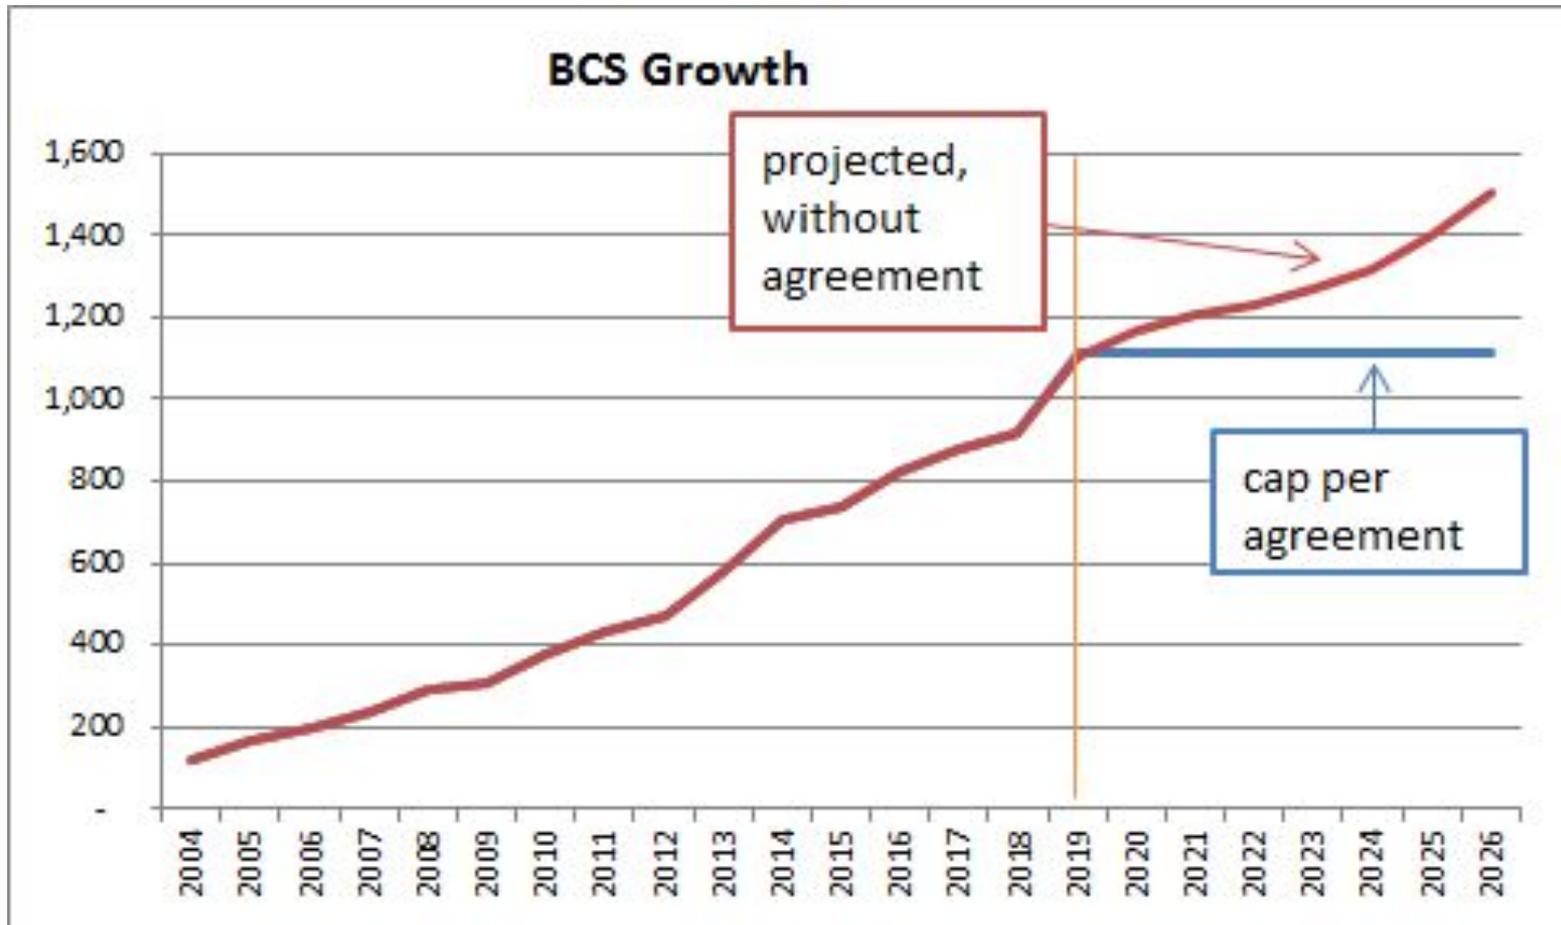

Proposal Benefits to LASD

- Stops unchecked BCS growth by enforcing an enrollment cap
- Provides facilities stability without additional schools impacted beyond Blach and Egan, which already share
- Achieves compromise that ends divisive, rigid Prop. 39 process and likely lawsuits
- Satisfies LASD's obligations to BCS over the next 10+ years without spending millions on facilities for them
- Resolves school sharing, houses 10 schools on 10 sites

Proposal Benefits to LASD Continued

- Gives LASD students exclusive use of their own campuses and protects our neighborhood elementary schools
- Keeps Egan school community intact
- Maximizes taxpayer dollars by leveraging over \$100 million in contributions from developers and the City of Mountain View for the construction of a brand new junior high campus
- Preserves a portion of the current Egan campus for LASD's future use to create teacher housing
